

Hi Everyone,

Hope you are enjoyed this lovely day.

- Mike McCabe started the August virtual meeting with about 20 members present. He opened the meeting with introductions and a review of activities for July. This month it was all about Comet Neowise and members shared their viewing experiences.
- Barry asked members for ideas about the new design for the website.
- Mike went over observing objectives for the month.
- There was a discussion about the SSAS summer star party in Vermont.
- Good news! We may hold our September meeting on the grounds of the Scituate Library while wearing masks and social distancing. Mike said he will give a presentation as well. Stay tuned for more details and confirmation.
- The door prize went to Kathleen. A book entitled "Packing For Mars".

Have a great week,

Hope to see you in person soon!

Judy
