

SSAS November 2020 Monthly Meeting Minutes

The November meeting was held virtually on Zoom. The meeting was opened at 7pm.

The theme for the evening was 'Member's Mic Night', with 18 members online by 7:05pm.

From 7:10pm to 8:30pm, every member present took a few minutes to share with the group something that they were doing that was related to astronomy. It was very interesting to hear from everyone about what they've been up to, and the various perspectives in their approaches to the hobby revealed that we're a diverse group with a wide range of activities going on.

At 8:30pm Mike presented a brief review of the month of October and presented two club business items, one being future outreach events with the Duxbury COA, and the other being our upcoming elections.

Discussion ensued about elections, possibly modifying the by-laws to include term limits, and our perennial plea for people to consider stepping up to help run the club.

The meeting was adjourned at 8:45pm.
